

Wall Sconce

Project Name:	Order Number:	Prepare by:	Note:	Date:	Type:

This IMW-WL series combines modern and industrial aesthetics, featuring sleek metal frames and clear or textured glass enclosures. Designed to provide both style and functionality, these fixtures offer a balance of durability and elegance, making them ideal for entryways, patios, and outdoor walkways. The combination of curved and angular elements ensures versatility, allowing them to complement a variety of architectural styles while enhancing outdoor illumination.
